

Fluff and the Burst of Courage

Malene Walter

A large family of fuzz leads a quiet life on a scratchy old wool blanket. The days go by uneventfully—and the fuzz family is quite happy about that. Only one tiny bit of lint gets bored and dreams of the big wide world. But the other family members are afraid of anything beyond the wool blanket and advise little fluff to stay put. Luckily, one night tiny fluff is overcome by a sudden outburst of courage and finally sets off on an adventure journey all by itself.

An enchanting encouragement for small and big people alike!
