

Project Mimesis— The Island of Artificial Children

Simak Büchel

A deceptive paradise—who can you trust?

Ever since 11-year-old Jorin ran away from his foster family, he has struggled along. But then his life suddenly changes: A mysterious agent turns up and tries to win him over for an undercover mission. The billionaire Borax Dosch enrolls Jorin in the Mimesis Project, a school for disadvantaged children—which happens to be on a paradisiacal island. But is everything really as harmless as it all seems to be at first glance? Jorin doesn't have much time to find out, because he is in great danger himself ...

A multi-layered story about artificial intelligence, humanity and the greed for power. *Project Mimesis—The Island of Artificial Children* is the perfect read for children who enjoy suspense-packed stories. Mysterious agents, a dark secret society and a strange boarding school—an unusual espionage story with a likeable antihero.

Simak Büchel was born in Bonn in 1977 and studied German, philosophy and biology. He received a PhD on colonial literature. He has been a freelance author since 2007 and regularly introduces children to the fascinating world of stories when he takes them into the world of fantasy with his staged readings. His work has been awarded several scholarships. He lives in Bergisches Land. <https://simakbuechel.de/>
